

## Fixture of the Week

### Evolve™ LED Post Top – Contemporary Twin Support – EPTC

The New Evolve™ LED Post Top – Contemporary Twin Support offers energy efficiency and quality of light in your choice of two distinct, modern styles. The advanced LED optical system provides improved horizontal and vertical uniformity, reduced glare and improved lighting control. GE's unique optical ring technology effectively aims the light where you need it, while eliminating the unsightly shadow circles commonly seen under other LED post top fixtures.

The EPTC can yield up to a 60% reduction in system energy compared with standard HID systems, depending on applications. This reliable system operates well in cold temperatures and offers more than 11 years of service life to reduce maintenance frequency and expense, based on a 50,000 hour life and 12 hours of operation per day (L85 Rating).

#### Applications

- Roadway, site and area
- General lighting utilizing advanced LED optical system providing high uniformity, excellent vertical illuminance, reduced offsite visibility, and reduced on-site glare

#### Housing

- Die-cast aluminum housing
- Top Upper Housing: One piece spun aluminum Available in two contemporary designs
- The upper fixture design incorporates the heat Sink directly into the unity ensuring maximum Heat transfer and long LED life
- Meets 2G vibration standards per ANSI C136.31-2001.

#### Finish

- Corrosion resistant polyester powder painted, minimum 2.0 mil. Thickness
- Standard colors: Black, Gray and Dark Bronze
- RAL & custom colors available
